

LE HAUT-MÉDOC DE BEYCHEVELLE

Haut-Médoc A.O.C

Le Haut-Médoc de Beychevelle's 12 hectares of vines are 5 km from Beychevelle's vineyard; being further from the Gironde estuary, they benefit from a cooler climate.

The vineyard is in the Haut-Médoc appellation and has been managed organically since 2008. Brulières' blend consists of just two grape varieties: Cabernet Sauvignon and Merlot.

Vinified and aged in a separate winery, it is produced with the same level of care as Château Beychevelle and Amiral de Beychevelle.

VINEYARD:

- Varietals: 56% Cabernet Sauvignon, 44% Merlot
- Soil: gravel and clay
- Size of the vineyard: 12 ha-
- Harvest: partially by hand

WINEMAKING:

- Vinification: the grapes are brought to Château Beychevelle for an initial sorting
- Bottling: at the chateau

TASTING NOTES:

Medium to full bodied with attractive, rich, plummy-berried fruit aromas. Excellent balance, structure and length. Brulières is a stand-out classic Claret rivaling most of the better Bourgeois wines.

SELLING POINTS :

- BARRIÈRE FRÈRES exclusivity!
- Rare to have an exclusivity on such an appealing brand
- Clearly benefits from Château Beychevelle's international brand recognition
- Allocated to historical customers
